

Centrespace on Facebook

We have just created a Facebook site. We're hoping to link up with all the other art institutions in Bristol and use the site as a way to promote the gallery, publicise events and exhibitions and provide a forum for your views and links to your work.

Our Facebook page is run by Nikki Lee, who has been a part of the gallery on a voluntary basis for a two years. Her large abstract paintings have been widely exhibited around Bristol and beyond.
